

Canstruction combines the fun of a design-build competition with an ingenious way to help feed hungry people. Local prominent architectural, engineering, planning, and design firms, and students mentored by these professionals, create phenomenal structures built entirely out of canned food.

At the close of the exhibition all of the canned food used in these structures is donated to the OC Food Bank, a program of Community Action Partnership of Orange County, for distribution to shelters, soup kitchens and other emergency feeding programs. With over 400,000 Orange County residents who are food insecure, your support at this year's Orange County Canstruction event will help put an end to hunger.

The structures go on view to the public throughout the month of September at:

ARTIC

John Wayne Airport

**South Coast Plaza
(in conjunction with the Festival of Children)**

**2018 Best Original Design
"We CAN Make an Incredible Difference"
Disneyland Resort | Design & Engineering**
